Dear Tim Luke,

RE: Floyd Jensen
Diversion: Permanent Pump
1580 W 3200 S
Preston Id 83263

This letter is a response to the Order Requiring measuring devices and controlling works in Water District 11.

We are in the process of replacing our current pump with a new pump and motor. Included in the construction will be a new meter. We have had meter in the past but, we plan on replacing it with a better functioning meter. At this time we are not sure exactly what meter we will use. Due to the snow pack we are unable to access our pump site at this time. We will work with Rock Holbrock in designing and installing a meter that will meet the requirements you desire. The new pump will be located at the same site which Mr. Holbrock is acquainted with. Mr Holbrock has worked with us in the past and has a location description and pictures of our pump site.

If you have any questions please contact me at 208 339-1516

Thank you,

Brian Jensen
